

Development Project

Students to choose two contrasting countries to compare the development in each. You need to pick an HIC and an LIC.

Your task is to present a comparison of the two countries. This must include;

- At least one map to show the location of each
- A description of the location (including continent, bordering countries, oceans and compass points)
- A brief history of each country
- A table comparing a minimum of 8 development indicators (this should include both social and economic factors)
- Using evidence from the table, explain which country is more developed. Give reasons for why using the history of each country.
- How do you think the current Covid-19 outbreak will impact the development of each country, use the news to help you research this.
- For your LIC research ways in which it could develop. Look at micro finance, fair trade, investment in education and other methods you find online.
