

January 2022

Dear Parents and Carers,

Re: Covid-19 in Bexley schools

We would like to thank you for your positive response to the vaccination programme for children in Bexley who are 12-15 years of age. A second dose of the Pfizer-BioNTech COVID-19 vaccine is now being recommended for all children aged 12-15 years old, at a minimum of 12 weeks from the first dose. Your child may have already received their first dose as part of the school's vaccination programme or at a local vaccination centre.

You might like to know that a 'Family Vaccination Day' has been arranged, where parents and their children (aged 12+) can be vaccinated together with their first, second or booster jabs. The details are as follows:

Family Vaccination Day (Pfizer)

Saturday 15 January between 9.30am and 5.30pm

Learning and Enterprise College Bexley

5 Brampton Road, Bexleyheath DA7 4EZ

(parking available on site)

There will be limited walk-in appointments so please book in advance, as follows:

- ▶ Call **07542 029400**. This line will not be staffed over the weekend, but leave a message and you will be contacted on Monday to confirm your appointment
- ▶ Email **Covid19schools Vaccination programme@gstt.nhs.uk**

Yours faithfully

Dr. Anjan Ghosh

Director of Public Health,
London Borough of Bexley
