Dear Parents and Carers of students in year 11,

RE: The Oak National Academy free online virtual lessons

Sorry to send another letter so shortly after the last, but I wanted you and your child to have access to this as soon as possible as it may be useful for their revision and study towards the next set of trial exams in five weeks' time. The Oak National Academy have produced a range of free online taught lessons to help students with their GCSE subjects. I have had a look at some of the lessons and they are fantastic. They are a series of lessons delivered by subject specialists across a range of subjects. Students can watch the lesson in their own time at home, complete short revision questions and quizzes and go through worked examples. This would be the perfect addition to their revision timetables.

You can access the free website for virtual lessons following the link below:

[All subjects - Key Stage 4 - Oak National Academy \(thenational.academy\)](https://www.thenational.academy)

These would be a very useful tool for revision and students can select the topics which they feel they need more help with. This would be particularly useful for the core subjects (Maths, English, Biology, Chemistry and Physics).

There is a section informing parents about how it works and how it should be used. Please follow this link: [Oak for Parents and Carers | Oak National Academy \(thenational.academy\)](#)

If you have younger children at Primary school or children in Key Stage 3, the website also contains lessons for both these groups and may be of some use.

If you have any questions, then please let me know.

I hope this helps.

Best wishes,

Mr R McBeth
Head of Year 11
